Rhonda's Report (for 13 August 2014)

We were privileged to have Russell Hayes and Peter Klaasen present the Wheelchairs for kids project to us. Russell gave us an insight into how these wheelchairs change lives of children in developing countries. Not only seeing the impact this has on the children moved me but to see the faces of the parents as they see a chance at living given to their children with varying degrees of disability was heart warming. We can only but imagine what it would be like to be in that position.

Thank you Adrian for a job well done on chairing the meeting. I know that this is something very close to your heart.

Please assist where you can with passing on the details of any primary school contacts you have that may be interested in the wheelchair fund raising activity. This is a way that we can have some of our young people understand that there are children in the world who do not have the advantages that they do.

I would like to take the opportunity to wish Geoff Taylor a most happy 80th birthday. Geoff we can only hope that we have your energy and commitment to the community when we reach your age.

Rhonda
