### President's Report for 21 October

In Sean's absence Robyn pens this weeks Presidents Report. David Bloom's talk was about his growing up years being born without a hip. David endured many years in Hospitals and wheel chairs as Doctors built him a new hip which over time needed replacement. He moved to Perth as a young adult and worked at different jobs and his hobby restoring vintage cars. Again bad luck hit him and he suffered a stroke which meant his job which involved talking to customers on the phone was not possible. But David is not one to give up easy and he changed his life and with the help of Gina learned to walk again and carry on with life.

David wanted to be involved with wheelchairs for kids but as he now lives in Melbourne and the wheelchairs are made in Perth it would be a long day to commute back and forth. But David is proof that when luck is against you, you can beat the odds.
