CALENDAR OF UPCOMING CLUB/ROTARY EVENTS IS IN THIS BULLETIN. ROTARIANS PLEASE CHECK FOR YOUR MARKET/ROTARY PROJECT COMMITMENTS ON THIS PAGE AND MARK YOUR DIARIES ACCORDINGLY.

President's Report for 4 November

It is great to be back at the Club after returning from tasking overseas. We were scheduled for five weeks however managed to get things done and dusted ahead of time. Always great to get back home and continue life in this great country. Unfortunately there is some sad news to convey; the President of the Rotary Club of Waverley, Chris Prior, has lost his beautiful wife Leslie last Monday from complications with her heart transplant. Please include the late Leslie, Chris and his family in your thoughts. On a brighter note the Calcutta was conducted on Wednesday night and was both a wonderful and successful evening. It had a great vibe from start to finish. Thank you to Ron Thorpe for getting us back into this venue. Thank you to Andrew Sendeckyj and Lyn Walker for the precision and finesse that the evening was conducted. It was terrific to have visiting Rotarians including a full table from the Rotary Club of Oakleigh, Alfred Sung from the Rotary Club of Wheelers Hill and not least, the Harcourts Real Estate table courtesy of Lou Paola. Finally, this week the RCMW had two semi-finalists in the Grand Final of the 4 Way Test Speech Contest. I am looking forward to news of the results from Geoff Logie-Smith at this week's meeting.

Kind Regards
Sean Darbyshire

CONGRATULATIONS & CELEBRATIONS

(Week of 4/11-10/11). Congratulations to Ron and Gay on your 15th wedding anniversary on the 4th Nov.

MEMBERS ANNOUNCEMENTS

Children's Christmas Party 5 December 2015

Planning is well underway for our annual Christmas party for disadvantaged children. I am looking for a volunteer to co-ordinate the food for the event. This probably reads to be more onerous than it really is. Closer to the event I will be asking all members to donate a plate or two of party food for the day. The job of the coordinator will be to contact members donating, to ensure that we have an adequate supply of food, and a good mixture of food types. For example, we don't really want 8 people all bringing Tim Tams.

Could I have somebody please to take care of this task?

Please note that this does not include the party pies and sausage rolls. Ros has already kindly agreed to organise those.

Terry Roche

Information on Waverley Industries

Waverley Workshop Industries (WWI) was conceived from an idea by the Mulgrave Apex Club in 1977. A committee of 6 members lead by the late Mike Russell a Rotarian of our club for several years before he died 19 years ago, investigated the need for a sheltered workshop in the then Waverley municipality and found that there were at least 450 members of the community of 200,000, who could use such a facility. The name W.W.I. was registered and the company started in 1981 with 16 disabled employees and a staff of 3 including a CEO. Land was leased from the Waverley council and a small factory building was erected at a cost of \$200,000. The main type of work was packaging and the business grew year by year.

In 1980, the first CEO Terry Lawler died from a heart attack and was replaced by Les Morgan who managed the business for the next 10 years when he too died from prostate cancer. At that time the business came close to bankruptcy and being discontinued.

Frank Cresia was appointed as CEO in 2000 and turned a failed business into one of the benchmarking Australian Disability Enterprises in Australia today. Currently ranked as 3rd in the country for its success it now employs 230 disabled people with a staff of 30 working across 2 sites, the original one in Notting Hill and the 2nd. site, now owned by Waverley Industries Limited and opened by Senator Mitch Fifield last Friday in Hallam, where the disabled compliment of employees will be 150 people.

The club recently donated money to purchase a defibrillator which will be featured in a future edition of the Bulletin.
Adrian

ROMAC

Heldericky (Ricky) had a severe deformity of his Right ankle when he was brought to Melbourne from East Timor last September to have the deformity surgically corrected by Prof. Pennington in an operation that lasted 6 hours, at St. Vincent's Private Hospital. This is a classically successful example of what ROMAC is all about and how it changes lives.

Hi All,

If we ever needed confirmation as to why we support ROMAC, Ricky has given us the answer. This is for an article for the Moorabbin Leader.

Cheers

Graeme

Subject: Re: Heldericky Da Cruz Tolentino

Hi Troels

Further to our conversation of this afternoon, I enclose a statement from Ricky:

"Through the operation at St Vincent's hospital, I feel my life will become normal again. Before the operation I was disabled from the age of 3 years old. With my disability I always felt I was different from other people. I felt shy and ashamed to be with other people. The operation meant so much to me as it almost could fix my foot to 90 degrees. I can be strong and live my life with happiness and without pain. Everything will be okay if I have good health and am without disability and pain. I will then be satisfied with my life and not be ashamed of myself.

I am grateful to **ROTARY and ROMAC** which sponsored me to get medical treatment. Also to my host family in Melbourne (Jason & Intha Chetty) who looked after me and treating me like a son. Then to all the people who supported me with prayer and everything else.

I love you all"

Ricky

Final 4Way Speech Contest

The final of the 4 Way Speech Contest was held last Tuesday 27th October at the Dorset Gardens Hotel in Croydon and Terry Roche kindly offered to attend the evening. We were fortunate to have two of our sponsored students, Neha Salahuddin from Mount Waverley Secondary College and Brooke Jamieson from Avila College reach the final. Also pictured Marlene Sinclair (photo compliments Terry Roche).

As is usual in these contests there must be a winner and in a very high standard Neha was 'pipped at the post' and was a runner-up only missing out of the top spot by one point. Both Neha and Brooke are to be congratulated on making the final in what was a very tough competition, and we thank all four of our sponsored students who competed in the contest this year.

Geoff Logie-Smith

OAKLEIGH MARKET

Today (Sunday 1/11) we had a very successful market given the windy conditions. We earned \$2133. I even had an elderly gentleman poet recite "The Golfers Lament" to me, after he enquired about the golf balls for sale. I wonder if Terry O put him up to it!

Glen Watkins

CALENDAR/PROGRAMME

If you are aware that the nominated chairperson will not be available please let the bulletin editor know asap. For addresses - please refer page 1 of this bulletin

 Subject: **Monash Children's Hospital Children Fun Day - Jells Park Sunday 22 November**

As you may know, District 9810 is helping Monash Children's Hospital with this fundraising event. It will comprise about 40 market stalls and some toddler rides and games. Many of you will already have been approached by the event coordinator AG Claire Button to provide stalls and are doing so. Rotary Club of Monash has been nominated to organise the logistics for this event, and we are seeking assistance with people power to be event marshals on the day. It will be held in Jells Park between Madeline's Restaurant and Jells Lake on open lawn. There will be three main tasks

- Set up between 6am to 10am
- Managing the day between 10am and 4pm
- Pull down between 4pm and 6pm

We are expecting about 4,000 visitors to the event, who will perhaps stay for 2 hours on average. We estimate about 400 cars will be there for this event at any one time and they will take up at least 60% of the Jells Park in ground parking spaces. The major task is managing parking and vehicle movements, because the park will be used by other regular park visitors at the same time.

The second task will be as safety marshals and general admin assistants during the event and during set up and set down.

We have put a risk management and traffic management plan to the park managers Parks Victoria, which they are considering.

The following sets out the proposed numbers required for event marshals.

Shift 1	Traffic /Parking	Event site
6am to 10am	10	6
10pm to 12:30pm	18	12
Shift 2		
12:30 to 4:00 pm	18	12
4:00pm to 6:00pm	10	8

As you can see we need a maximum of 30 marshals in the peak periods, ramping down to 16 to 18 during set up set down. Two of these marshals on any shift may need some background in security and first aid but Victoria Police and the Royal Flying Doctor Service will be providing the main support here.

RC Monash will provide management and some of these numbers but, being a small club, we need your help. This communication formally asks for your assistance.

Over the next two weeks we will be mobilising equipment and position/task descriptions for the marshals, which we will get to you a week before the event. It will help if some of you have Working with Children tickets. There will be formal tool box meeting before each of your shifts so the tasks will be clearly spelled out.

If you can provide your own club or private Hi-Viz vests and Rotary caps that would be great. Also if it is possible to come in the least amount of vehicles (i.e. share). That will take a load off the parking which will be one of our major management tasks.

This is a major fund raising effort for the District and has the full support of Monash Children's Hospital. We are also asking them for resources to help out on the day.

Could you please advise what your club can do to assist, directly to Tom Flintoff (RC Monash) on his email: tomflintoff@hotmail.com. It would be great if you could respond as soon as possible, but by no later than 6 November.

We look forward to hearing from you.
 Cheers,
 Craig Kendall - President RC Monash
